Epic store bad >:(. Do you like being forced to kill seemingly endless amounts of boring and tedious enemies? Do you like

having your screen covered up by zombie vomit while the aforementioned event occurs? Then this DLC is for you. When you kill one zombie, 2 replace it until they swarm and inevitably kill you. I was rushing to finish this DLC just due to how tedious and annoying it was. Unless you're in it for weapons, ya might wanna not play this..
